

Group	Over-represented GO term	GO ID
1 167 genes	aspartate family amino acid metabolic process	GO:0009066
	methionine metabolic process	GO:0006555
	alpha-amino acid metabolic process	GO:1901605
	active transmembrane transporter activity	GO:0022804
	sulfur amino acid metabolic process	GO:0000096
2 213 genes	cellular amide metabolic process	GO:0043603
	organonitrogen compound biosynthetic process	GO:1901566
	non-membrane-bounded organelle	GO:0043228
	nucleosome	GO:0000786
	DNA packaging complex	GO:0044815
